

# STORM FUNDS GROW THROUGH THE LIBERAL CONTRIBUTION OF THE CITIZENS GENERALLY

CITIZENS GLAD TO AID IN HELPING THE UNFORTUNATES WHO LOST THEIR ALL IN SATURDAY'S STORM.

## COMMITTEE IS NAMED

These Gentlemen Will Handle All Matters Raised—Much More Is Needed.—Benefit Performance.

Over a thousand dollars has been raised to aid the sufferers from last Saturday's storm. The money has been pouring into the Gazette office at the rate of one dollar a minute. The donors express regret that their contributions were not made earlier. Many have also been started in other towns which will be added to the fund raised to give immediate aid to those who need it most. It has struck home to the hearts of all in the opening of the purse strings has been liberal.

Takes Action.

This afternoon the county board took definite action on the matter of the committee to handle the funds. Supervisor J. C. McAvoy, of Deloit, presented a resolution to the effect that the county board accept the trust of the money being raised by the citizens and that a committee composed of members of the various town boards disburse the money where it is needed the most. The resolution passed. The committee was named:

Town of Lima, N. M. Gleason, Milton, John Paul.

Harmony, Frank Roach.

Janesville, W. E. Sheenmaker.

Plymouth, H. S. Stevens.

Rock, Fred Rehfeld.

Milton Village, W. H. Maxon.

Janesville City, J. L. Bear.

A representative of the Gazette.

Need Thousands.

Reports from the stricken districts show that thousands of dollars will be needed. Many families have lost their all. They need money immediately. In order to facilitate matters all who have telephoned in their contributions are requested to send their checks at once payable to the Gazette Printing Company so that the ready cash can be turned over to the committee at once. The list will not be closed, but kept open as long as the desire to contribute and it is hoped that five thousand dollars will be raised.

The money received thus far at the Gazette is as follows:

## BENEFIT ENTERTAINMENT.

The suggestion that a benefit entertainment for the storm sufferers be given in the near future met with such hearty response that Mrs. Janet B. Day, the promoter, is warranted in assuming that such an entertainment will be given at Myers Opera House, Monday evening, November 27. The entire receipts will be used for the benefit of the storm sufferers.

Mr. P. L. Myers has kindly donated the use of the house, and local talent will furnish the entertainment. The tickets to all parts of the house will be one dollar, with no reserved seats. This will give many people an opportunity to contribute a dollar, who might otherwise be overlooked.

One lady has already become responsible for fifty tickets, and the capacity of the house should find ready sale, as no doubt it will.

The program will be announced as soon as it can be arranged. That it will be a good one is not a matter of doubt.

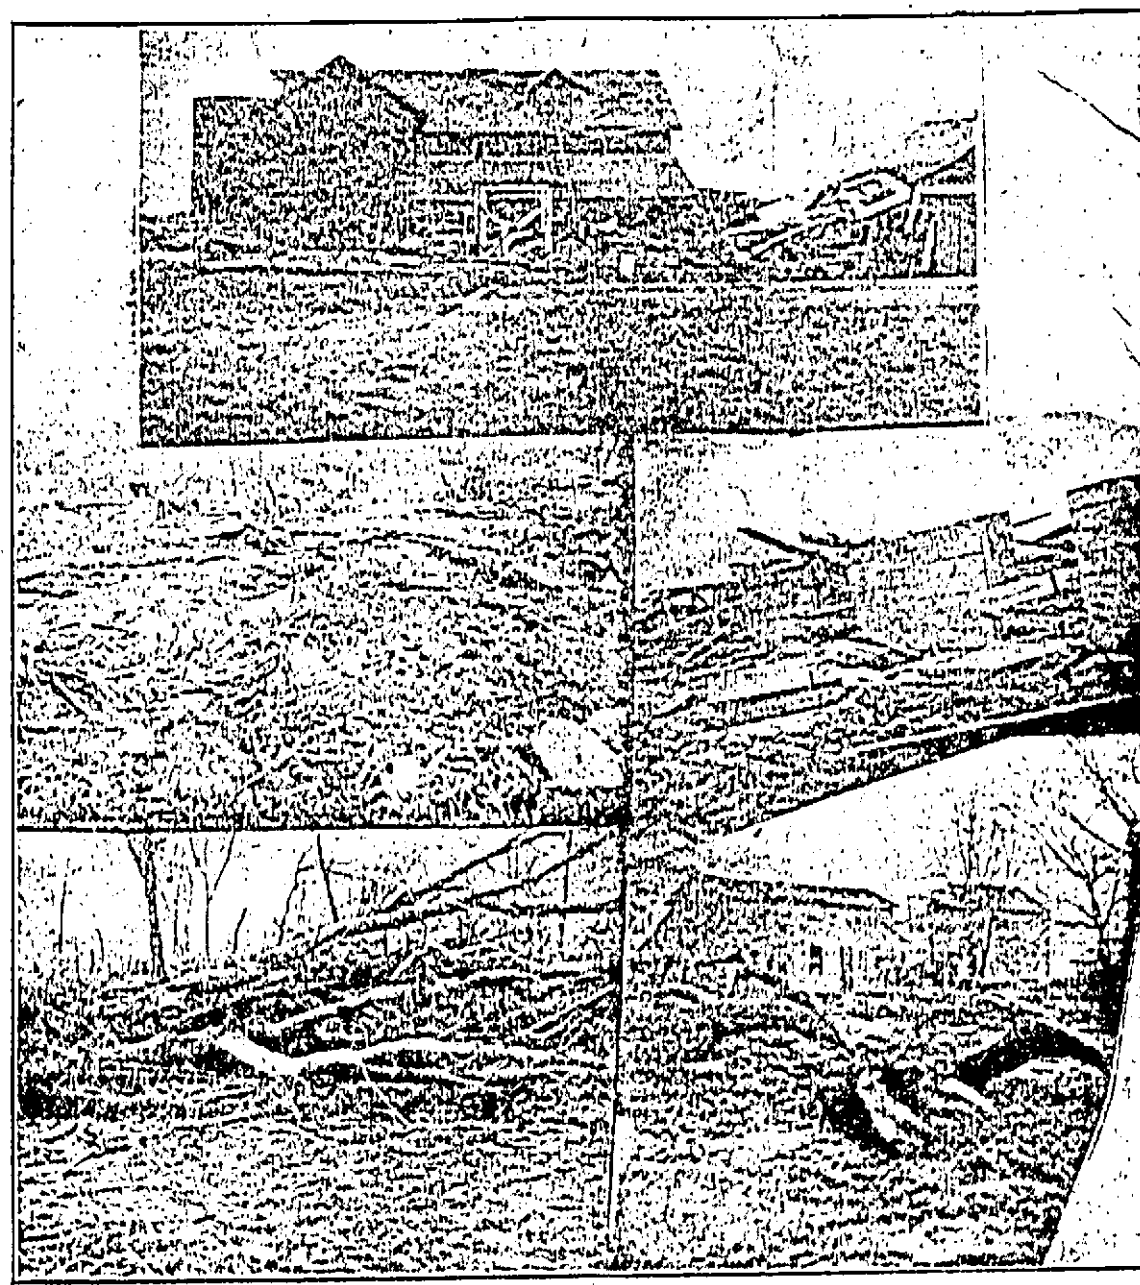

## CLOTHES NEEDED TO CLOTHES SUFFERERS

Can be Left at the Gazette Office—J. L. Fisher Takes Charge of Distribution.

Warm clothing is needed for many families in the cyclone district and all who have any to be used for this purpose can leave them at the Gazette office before ten thirty tomorrow morning when the relief car will start. Persons are requested to label their bundles, men's, women's or children's, as the case may be. J. L. Fisher, who is thoroughly acquainted with the territory affected, has offered to act as disbursing agent and will see that the needs of the sufferers are cared for as much as possible.

## To Discuss Juvenile Courts.

Louisville, Ky., Nov. 14.—Many well known jurists, probation officers and philanthropists are taking part in the annual Juvenile Court Conference of the Middle Western States, which began a three days session in Louisville today.

## ILLINOIS CLUB WOMEN MEET IN GALESBURG

Large Delegations Arrive in Special Trains From Chicago, Springfield, And Peoria.

Galesburg, Ill., Nov. 14.—The bright minds of the women of Illinois are assembled in Galesburg for the seventeenth annual meeting of the Illinois Federation of Women's Clubs. Special trains arrived last evening and early this morning with large delegations from Chicago, Springfield, Peoria and other points. The first session of the federation was held in the Presbyterian church this morning with the president, Mrs. Minnie Starr Granger, in the chair. The sessions will continue until Friday and will include conferences of the numerous departments. The meeting will not be all work, however, for interspersed with the more serious addresses and reports there will be a reception at Knox college and a number of other social features for the entertainment of the visitors.

## OPEN NORTHWESTERN STOCK SHOW TODAY

Fifth Annual Exhibition Held at South St. Paul—Will Continue Through Week.

St. Paul, Minn., Nov. 14.—The fifth annual stock and grain show of the Northwestern Live Stock Association opened in South St. Paul today and will continue until the end of the week. The exhibition of cattle, hogs and sheep is the finest ever shown in this section of the country, and is typical of the wonderful growth of the live stock industry throughout the Northwest. During the week a series of lectures on practical farming will be given by noted agricultural experts. At the close of the show \$10,000 in cash prizes and many special trophies will be distributed among the successful exhibitors.

Southwestern Ice Manufacturers. Oklahoma City, Okla., Nov. 14.—The Southwestern Ice Manufacturers' Association met for its annual convention in this city today with a good attendance of members from various points in Texas, Louisiana, Arkansas and Oklahoma. The convention will end Friday.

Jefferson City, Mo., Nov. 14.—The supreme court of Missouri today issued a writ of Quo Warranto against the International Harvester Company and assessed a fine of fifty thousand dollars for violation of the anti-trust law. The decision will prevent all companies which make up the International Harvester Company from conducting further business in the state.

Stock Drops.

New York, Nov. 14.—The Harvester Stock declined 5 1/2 points following the Missouri decision. The general list is also depressed.

## MORE DAMAGE DONE SAYS RECENT WORD FROM SECTION HIT

REPORTS RECEIVED TODAY FROM DISTRICT AROUND ORFORDVILLE SHOW MUCH DAMAGE DONE THERE—OTHER ACCOUNTS.

## ONE WOMAN MAY DIE

Mrs. Louis Lehmann in Serious Condition at Mercy Hospital—Magonia Road Visited—Little Done to Clear Wreckage.

Reports continue to be brought to this city of the awful damage done by the tornado which swept the county from border to border on Saturday. It is thought now that the ravages of the storm were greater than reckoned Sunday if such a thing could be possible.

In Serious Condition.

Up to a late hour this afternoon the death list had not been increased. Reports of several other people who were injured or whose one or two may die, have been received. Among them is Mrs. Louis Lehmann, who was brought to Mercy hospital and whose condition is now reported serious.

Mrs. Lehmann was badly injured and bruised in the cyclone when it swept the farm of George Schaffner at Hanover. Eighteen to twenty stitches had to be taken in one of her limbs and the danger of blood poison was considered perilous. She passed a very poor night last night and her temperature remained at 102 degrees.

Injured Are Improving.

The injured at the Air, Austin farm in the town of Lima where the storm wrought its worst damage at the eastern end of the county, were reported better today. The fright from the terrible experience has partially worn off although nothing can ever erase the remembrance of that fateful day.

Held Child in Arms.

One incident that marked the cyclone's visit was remarkable. Miss Elizabeth Hume, sister of Mrs. Austin, who was staying at the Austin home at the time, gathered the youngest of the three children into her arms when the storm struck. When she was found she was unconscious, but the little girl, aged one and a half years, was entirely safe. The child was rather frail and it was wonderful that her life was not crushed out as was the case of her elder sister, Miss Hume had the ends of her fingers on one hand crushed off.

Another remarkable occurrence at the Austin place was the snuffing off of the wheel and part of the hub of their automobile. The car was nowhere to be found while the rest of the machine remains intact.

Had Narrow Escape.

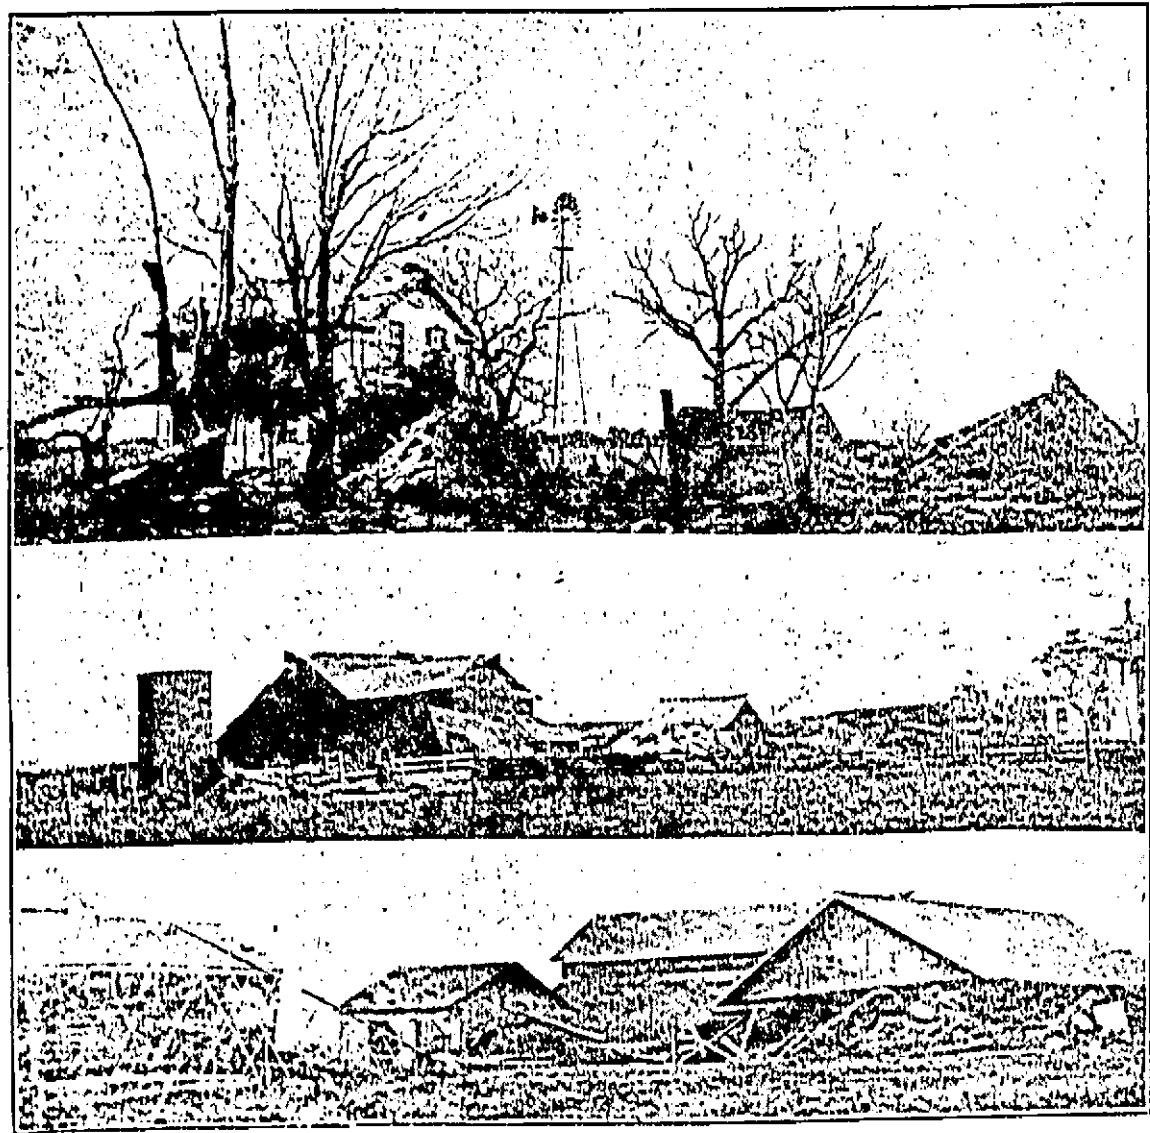

Gladys Cary, daughter of Roy Cary, had quite a perilous adventure during the cyclone at her father's home near Milton Junction, Saturday, and it seems little short of a miracle that she was not killed. She was in an out-building and was carried through the front yard among the falling trees which were 60 feet high and two feet thick and entirely covered the front yard and road so that teams could not pass. The building at last struck something and was smashed to kindling wood. When she was released, with many bruises and a black eye, in getting in the house she was blown back in the yard, her glasses and bow of her clothing gone, and at last succeeded in getting in through a large plate glass window that was demolished, and was quite badly cut in several places. Mr. Cary will soon move back to Janesville.

Runaway Place Destroyed.

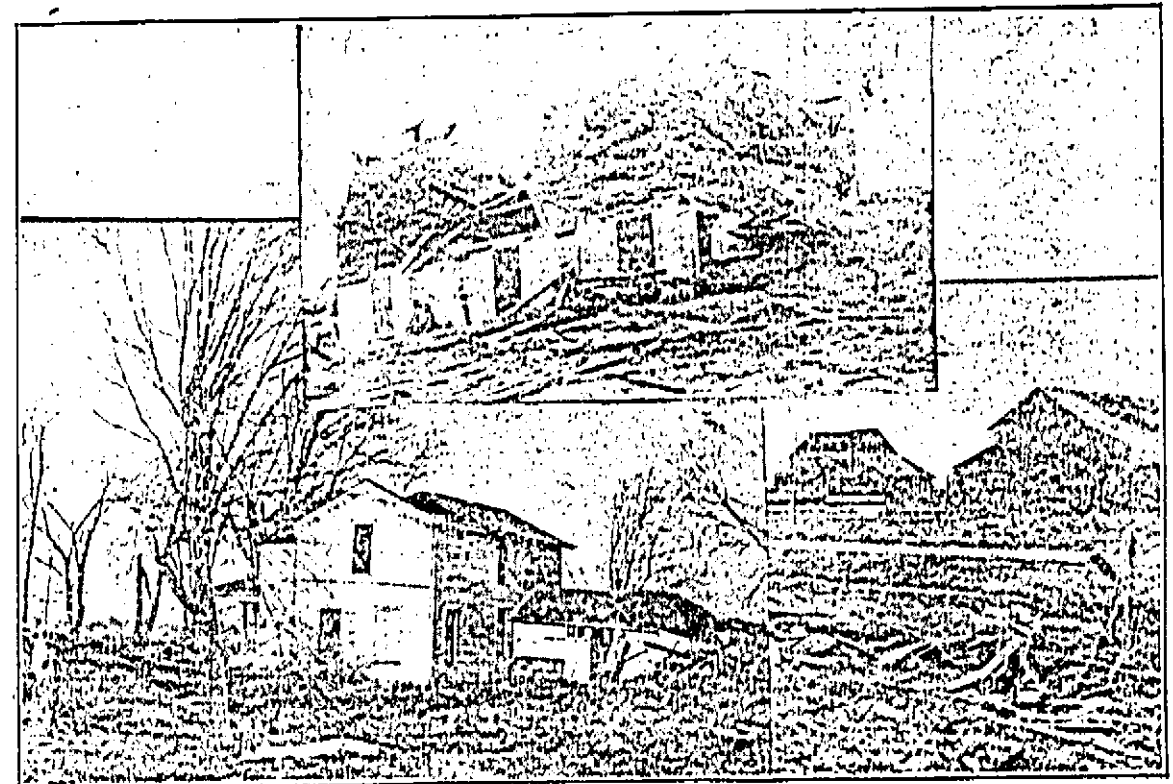

Orfordville, Nov. 14.—Aside from the damage reported done by the cyclone, that of the demolishing of the buildings on the John Crowder farm and the death of Mrs. Crowder, the following comprises a partial list of the havoc wrought:

On the Martin Runans place the storm seemed to break in its fury. Every one of the outbuildings are blown away and only a small portion of the dwelling house is left and that is without doors, roof or windows, while the yard is strewn with dead cattle and hogs, and other animals are crawling about in a crippled condition.

### SERVICES OF NURSE TO BE AT DISPOSAL OF RESIDENTS HERE

Dr. Maud Williams Will Arrive Here Tomorrow in Accordance With Prize Won in Sale of Christmas Stamps.

Dr. Maud Williams, who is representing the Wisconsin Anti-Tuberculosis association, will begin a month of visiting nurse and investigation work in Janesville on November 15. This is in accordance with the results of last year's Christmas seal sale which secured for the city the free services of an expert nurse for one month.

This cuts fifteen days off the expected schedule, for Miss Sarah Westlyder, who is the regular professional nurse of the association and who has been spending thirty days in each of nine cities of the state, was not expected until December 1, and will be busy in Wausau until that date. Dr. Williams has been secured by the state society at this time to aid in closing the 1911 work.

Nature of Work.  
Janesville is fortunate in having Dr. Williams for, besides doing the regular nursing work, in which she is experienced, she will be able to do more in that she is a graduate physician.

The work will include the study and instruction of the living cases of tuberculosis in the homes, seeking to prevent the spread of the disease through teaching precaution. An important phase of the services will be the examination of the children in the schools, gathering facts and statistics concerning their general health. This will afford, as similar work has been done in the other cities visited, a basis for direct effective effort against the white plague in the city.

Organize Society.  
The fight will then, it is hoped, be taken up in earnest by the local Anti-Tuberculosis society which will undoubtedly be organized before the end of the month. This would mean that Janesville would be entitled to one half of the proceeds of this year's Red Cross seal sale which will be opened December 1.

### BAPTIST MEN'S CLUB WILL HOLD MEETING

First of Season Will Be Held at Church Tomorrow Night—Topic for Discussion Municipal Waterworks.

Municipal ownership of waterworks will be the topic for the talks and discussion at the first meeting of this season of the Men's Club of the Baptist church, to be held at 8:30 o'clock at the church parlors, tomorrow evening. Attorney Thomas Nolan will be the leader. Mayor Nichols, who has corresponded with every city in the state that owns and operates its own waterworks, will be one of the speakers; the others are Herbert Cunningham, O. A. Oestreich, and E. C. Bailey. A general discussion will follow the formal program, which will be preceded by a banquet served by the ladies of the Helpful Circle. The members of the program committee are E. C. Bailey, W. B. Conrad, Dr. Whiffen, J. B. Humphrey, and John Jones.

### AMERICAN IS BUSY PURCHASING CROP

Edgerton Representative Has Made Many Purchases Recently in Surrounding Territory.

(SPECIAL TO THE GAZETTE)  
Edgerton, Nov. 14.—The local representative of the American Tobacco company is about the only one in the field at present making purchases of the 1911 crop, and while it is true that he is picking up principally the poorer grades at prices ranging from 6 to 7 cents, better grades of leaf also have been purchased at prices up to 11 cents. From present indications the company is making more purchases than ever before and it is given out as a fact that they will have four warehouses open in the state for sorting when the season opens.

The buying of the leaf is not confined to Rock county, but to adjoining counties as well. While the sales are numerous but those of the lot can be given with the prices paid, being in the town of Sumner, Jefferson county, as follows:

Fred C. Punzel, 8 acres at 6 1/2 cts.  
C. F. Logan, 4 acres at 7 cts.  
John F. Plumb, 5 acres at 6 1/2 cts.  
Other purchases made, including Abbot township, Dane county, and Porters in Rock, the terms of which are private, are Charles Leitz, 5 acres; Albert Bullen, 5 acres; Kenly Bros., 7 acres; C. W. Page, 1 acre; S. Hartzell, 6 acres; Harry Schultz, 4 acres; C. E. Bunting, 5 acres.

### APOLLO CLUB HAS SECOND PROGRAM

Titus Quartette Gave an Exceptional Program at Library Hall Last Evening.

Library Hall was again taxed to its full capacity last evening when the Titus Quartette gave the second program of the Apollo Club's season. This quartette was a company of real artists, consisting of Miss Mary Highsmith, soprano; Miss Barbara White, contralto; Claude Sauer, tenor; Hugh Anderson, bass; and Mrs. Bertha Smith-Titus, accompanist and reader. "Lucia," the famous sextette, was the first number on the program and was heartily enjoyed. In volume and sweetness the singing was remarkable and the manner in which the voices blended in this number was very pleasing. Miss Highsmith's rendition of the aria from "Ernani" was most charming, both in her interpretation of the music and her execution. As an encore she gave some of Caelia's Indian songs, which was, in the opinion of the audience, one of the most artistic pieces which was given during the evening.

W. O. DOUGLAS FARM AND HOME NEAR HANOVER.

Mr. Sauer next gave the "Rigoletto" solo with such feeling and expression that he was heartily enjoyed and gave the solo of "Munford" in the third act of "Il Trovatore." The quartette from "Rigoletto" was received by the audience with great enthusiasm, but the singers refused to respond to the encore. Mr. Hugh Robinson followed Mephistopheles "Calf of Gold" with the "Announcer's Song" from Robin Hood, both of which were heartily applauded.

In acting and singing the quartette was equally proficient and the second act from Plotow's "Martha" was a work of art on the part of the players, and as a finale closed one of the most pleasing and best rendered programs which the Apollo Club has given in some time.

The program was given as follows:  
Sextette from "Lucia" ... Donzell  
Quartette.  
Duet—"Home to Old Mountain" ... Verdi  
Miss Walte, Mr. Sauer  
Soprano solo—"Aria from 'Ernani'" ... Verdi  
Miss Highsmith

### LETTERS ARRIVING IN LARGE NUMBERS

Present Indications Are That Record Number of Santa Claus Letters Will Be Received This Year.

With letters to Santa now arriving in large numbers, it is evident that the common friend of all children will be well remembered by the boys and girls of Rock county.

All the letters received at the Gazette office will find their way into the Santa Claus mail bag which is now hanging in the Gazette window. On the night of Dec. 16th the bag will be sealed and sent by special delivery to the North Pole where Santa will read each of the messages in the office of his gigantic workshop which is located there.

After he has read of the wants of the boys and girls in Janesville and vicinity, he will send the bag of letters back to the Gazette and all the letters will be published in a special Santa Claus edition.

Letters should be plainly written on one side of the paper only. If sent by mail they should carry a two-cent stamp. Several which have been received have had only a one-cent stamp, and although they have found their way into the Santa Claus mail bag, still there is a danger that they will not reach their destination if not properly stamped.

### YOUR UPSET, SOUR, GASSY STOMACH IS RELIEVED IN A FEW MINUTES

Take a Little Diapapsin now and your Stomach will feel fine in five minutes.

Every family here ought to keep some Diapapsin in the house as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you or leave a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

### POWERFUL TURBINE FOR ELECTRIC CO.

New 500 Kilowatt Turbine Generator Ordered by Local Company to Be Installed Next Spring.

Yesterday morning the Janesville Electric company closed a contract with the Alfa-Chalmers company for a new five hundred kilowatt turbine generator. This engine will generate more power than both of the two Corliss engines which are installed at present. It will have a speed of 360 revolutions a minute and will develop 625 horsepower when running at this speed. The Monterey power house which has a good sized engine and generator, will be shut down entirely and only used for emergency purposes, while the engine at the upper power house will also be kept for special use at present. Besides being more powerful and generating more electricity the new turbine will not take nearly as much room as either one of the old ones. There are only about two or three months in the year that the water power is not sufficient

W. O. DOUGLAS FARM AND HOME NEAR HANOVER.

there is no time during the year that steam power is necessary. As business is increasing rapidly the old engine will be saved for additional power when it is needed.

The new engine will be installed in the power house at the end of the Fourth avenue bridge some time next spring when it may be needed for the low water period.

### CARDINALS WON TWO GAMES LAST NIGHT

Greys Have Majority of Points But Lose Last Two Games—Reds and Browns Tuesday.

In an exciting contest last evening at Hookett's alleys the Cardinals won two out of three games from the Greys, although the latter had a total of eleven points more than the winners. Brown of the Greys rolled the high score of the evening, 195, in the first game. In this the Greys won with twenty-two pins to spare, the next two games going to the Cardinals with the slight majority of eight and three pins respectively. Throughout the entire match the contest was close and exciting and the line form of both teams added much to the interest of the games.

The scores as bowled by games are as follows:

GREYS.			
Carlo	106	147	113
F. Gridley	156	147	143
Campbell	135	137	109
A. Gridley	127	131	171
Breen	195	167	153
<b>Totals</b>	<b>719</b>	<b>729</b>	<b>742</b> —2189

CARDINALS.			
Thurmer, Capt.	117	91	147
O'Grady	145	180	184
E. Baumann	160	148	112
W. Helso	138	165	137
Gibson	136	165	165
<b>Totals</b>	<b>690</b>	<b>737</b>	<b>745</b> —2178

W. L. P. C.			
Cardinals	12	6	667
Greys	10	8	555
Browns	8	7	533
Reds	8	7	533
Browns	6	9	409
Maroons	4	11	267

The Greys still hold second place in the tournament but the Reds have a chance to beat them should they win the match with the Browns which they play Tuesday night.

## COMMISSION TO AIR BIG TICKET SCANDAL

National Baseball Body, Now Meeting in Cincinnati, Will Take Up Charges Against League Presidents.

(SPECIAL TO THE GAZETTE.)

Cincinnati, O., Nov. 14.—Major league baseball owners and patrons will be particularly interested in the meeting of the National Commission which began here today and will probably continue over until Thursday or Friday. The most important matter to come before the baseball supreme court, consisting of President Harman of the Cincinnati club and Presidents Johnson and Lynch of the American and National leagues respectively, is the recent ticket scandal in connection with the world's series game. That the Brush-Johnson controversy over the ticket sale will be brought up for discussion is regarded as certain, but persons well informed as to the situation are inclined to believe that the matter will be disposed of without entering into a formal investigation of the charges of collusion between the New York club and the scalpers. At the same time it is thought likely the National Commission will take steps to bring about a radical change in the present system of determining the world's baseball championship so as to obviate any future repetition of the scandal that followed the series this year.

## MINOR LEAGUE MEN NOW IN SESSION

Representatives From Baseball Clubs of Entire Country Assembling in San Antonio, Texas.

(SPECIAL TO THE GAZETTE.)

San Antonio, Texas, Nov. 14.—From coast to coast baseball clubs were represented in San Antonio today when the National Association of Baseball Leagues, composed of minor clubs, assembled for its annual convention. The meeting will last through the rest of the week. The national board will give its decision in several hundred cases of baseball litigation. At the same time the managers will discuss matters of policy and line up their forces for the coming year. The business men of San Antonio have subscribed a \$5000 fund for the entertainment of the visiting managers. Baseball games will be played off daily, in addition to several banquets. Special features will include a bull fight in Mexico and a chicken barbecue at Corpus Christi.

## BADGERS PRACTICE FOR THE BIG GAME

Coches For Each Position on Team at Varsity.—Haumerson of Janesville Joined Staff Yesterday.

Madison, Wis., Nov. 14.—With an average of one coach for practically every position on the team, the Badger football eleven is entering upon the last few days of practice in anticipation of the greatest game of the year in the middle west, and one challenging the attention of the whole football world. Not a single detail in instruction and training is being overlooked in preparing them to meet the powerful Minnesota machine which will battle with them on Camp Randall field next Saturday. Coach Richards has the daily assistance of Assistant Coach Driver; Dr. Charles McCarthy; "German" Schultz; (Michigan); "Humpy" Bush; "Stan" Anderson; "Humper" Dr. Joseph Dean; Earl Haumerson; Prof. J. F. A. Pyre; and other former stars. Haumerson of Janesville, once a tackle of prominence, joined the volunteer coaching staff yesterday afternoon.

Practice was again held at Vilas Park yesterday. The coaches continuously avoided the frozen gridiron, which is covered with ice and a four-inch deep frost. The men were put through a sharp signal drill and were schooled in aggressive plays.

A big singfest in preparation for the game will be held in the gymnasium tonight. The students will be seated by classes.

The students of sporting propensities are still holding out for odds, and believe they will get them when several specialists from Minnesota pull in Saturday morning with a thousand men ready to stake their all on the team that put Chicago away so handsly.

Kentucky Development Conference. Louisville, Ky., Nov. 14.—Substantial results are anticipated from the conference which got under way here today for the consideration of tax revision, education, road funds and other problems concerning the welfare and development of Kentucky. The gathering is held under the auspices of the Kentucky Federation of Commercial clubs and is attended by delegates from every part of the state.

Club Women Meet in Mobile. Mobile, Ala., Nov. 14.—Mobile is teeming today with women from all over the state, who have come here to participate in the annual convention of the Alabama Federation of Women's clubs. Delegates from nearly every club in Alabama are here, and every attention is being shown them. Today was given over to the reception of the visitors. The regular sessions of the meeting will begin tomorrow, with Mrs. J. H. Phillips of Birmingham, presiding.

Farley Sails for Rome. New York, Nov. 14.—Archbishop Farley sailed on the Kronprinzessin Cecilie today on route to Rome to attend the consistory at which he will be made a cardinal. The departure of the archbishop was made the occasion for a notable farewell demonstration. A procession of several thousand pupils of the parochial schools followed the archbishop's carriage to the steamship pier and on the trip down the bay the Kronprinzessin Cecilie was escorted by a chartered steamer carrying several hundred priests of the archdiocese.

Many Rare Volumes at Auction. London, Nov. 14.—Representatives of book collectors and dealers in many parts of the world gathered at Sotheby's today for the opening of the dispersal sale of the famous Huth Library. The sale is regarded as the most important of its kind that has

## HIGH SCHOOL CLASS AT GYMNASIUM WORK

Freshmen Begin Work in Physical Culture Under the Direction of Miss Cuyler.

Among the freshmen of the local high school great interest is manifested at the present time in the physical culture classes which were organized this afternoon. This work is carried on under the instruction of Miss Cuyler who acted in the capacity of physical director last year. The freshmen will have their gymnasium classes during school hours while the upper classes will have a joint class every Wednesday afternoon at the close of school.

Owing to a law recently passed by the legislature this work in the high school must be arranged. Janesville's school was the second school in the state to take it up, having begun it last year. The work is very popular in the local school and has been very successful.

PARABLES OF 1911.

If you took your little tooter And then lay aside your horn, There's not a soul in ten short days Will know that you were born.

The man who advertises With a short and sudden jerk, Is the one who blames the editor Because it doesn't work.

But the man who gets the business, And who makes his business pay, Is the fellow with the adlet That you read from day to day.

We can help you tout your trumpet, We can bring the people in, We can help you build your business, Are you ready to begin?

Moral—He who toots his little trumpet Can withstand a sudden shock, For like the man in scripture, He builds his business on a rock.

This practical solution of effective publicity from an exchange, is about all there is to it. The man who gets spasmodically soon becomes a dyspeptic, and the man who only advertises occasionally might better save his money. It is the constant dropping that wears away the stone, and it is the persistent advertiser that secures results.

The Royal Baking Powder company spent a million dollars a year in publishing the statement in every paper in the land that the product was "absolutely pure," and the investment paid many fold. Some merchants get the notion that they have nothing to advertise, but the baking powder company never thought so.

Many lines of business in the city could be doubled in five years by persistent, judicious advertising. Methods have changed during the past decade. The time was when the Christmas shopping ad ran until Easter and the Fourth of July announcement was in service until Thanksgiving, but today every ad is new every day and as "new" as any other part of the paper.

When the thrifty housewife reads this kind of news—and she reads it religiously—she puts on her hat and walks half a mile to save a nickel, regardless of wear and tear on shoe leather.

Advertise every day and back it up with the goods and with good salesmanship and results are sure to follow.

REFORM AND ORPHANAGE.

"Political ambition drives many men to extremes, but seldom has it done this public more harm than since 'reform' became the main avenue to official gain and glory. The righting of wrongs is what we want, what everybody hopes for, what corporation men and the public alike would welcome. But 'reform' dangling on a line of demagogic words, as a bait to catch votes, has no friends except among the politicians of all parties who are fishing for cheap popularity and personal advancement.

"Business, as carried on today, is able to adjust itself to almost any fair regulation which can be devised; it will stand a deal of killing," as Shelley said of himself, if the work is honestly done. But business can not endure slow torture, especially incessant fright about what may be done when the politicians and statesmen reconvene.

"If there is restrictive legislation to be done, it were well to move quickly. Our corporation managers will then know what alternatives are necessary in the conduct of their affairs, and harmony, peace and prosperity will be restored to our country. "Corporations are as eager for the public good as any individual tradesman. Suppose we suppress 'reform' buncombe for a while, and let 'enlightened self-interest' do its work in the land. Give business a distinct code of rules, and it will play the game fairly, and to the limit."—Facts and Factors.

What is true of business conditions, due to an overdone of reform, is equally true of the political situation. There are more political orphans at large today than at any time in the history of the nation, and all because the old fold has been demolished by the primary law which has fulfilled its mission of disorganization, for which it was created.

When a man becomes disaffected with his church he becomes a drifter, and is ready to take up with Christian Science, Dowism, or anything else

which comes along. So when his party becomes chaotic he seeks some organization which is intact, and for this reason socialism gives evidence of growth.

It is all well enough to claim that every man should be an independent voter, and pass individual judgment on the merits or demerits of every candidate, but the average man is not a politician, and his judgment of men outside his immediate neighborhood is based on hearsay, and so when he votes he votes blind.

In a state election the most of the candidates below the head of the ticket were never heard of by the average voter, and yet he is supposed to vote intelligently. The brain that conceived this notorious law was lodged in the back of a long head, and the political machine which has resulted is the smoothest proposition ever sprung on an unsuspecting public.

IT PAYS TO ADVERTISE.

The city of Des Moines, Iowa, through its chamber of commerce, spends thousands of dollars in advertising, and other cities are waking up, as will be seen by the following from Leslie's Weekly:

"Memphis some time ago appropriated \$20,000 for publicity. Probably no similar amount spent on municipal advertising has ever brought such excellent results. The advertisements, which were written with a view of presenting in brief space the advantages of Memphis for business and as a place of residence, appeared in monthlies and weeklies of national circulation.

"The results were unusual. No less than sixty-five manufacturing concerns have moved to Memphis. These plants employ 5,200 persons, the most of whom came to the city with the concerns that located there. As each person thus employed represents at least one dependent on him or her for support, this would mean a total of 15,600 people. Gaining 10,000 new citizens at a cost of \$20,000 is getting them at \$2 a head, certainly money well spent. At least seventy-five new jobbing houses and between 200 and 400 new firms have been attracted to the city."

The governor of the old state of Vermont has named November 25th as a day to advertise the state, and on that day every paper in the commonwealth will devote space to the advantages of Vermont. That good results will follow is not a debatable question. The city of Janesville may some day decide that it pays to advertise.

AN UP-TO-DATE SALESMAN.

As I opened the door I saw a man with a burglar's mask kneeling before the safe. The next moment he had turned and shoved a revolver into my face.

"Throw up your hands!" he said. "I did so."

"You understand," he remarked, pleasantly, "that I can in the present circumstances loot the premises at my leisure?"

"Certainly," I admitted. "Well, then," he said, "you will be interested to know that I got in without difficulty through your parlor window. Had it been equipped with Smith's patent safety burglar alarm and prevented this could not have happened. Installed complete with batteries, for \$10.50. Allow me to hand you a circular. Good night, sir."

Then he withdrew.

The Editor and Publisher is responsible for this clever story of an "up-to-date" salesman.

The generous-hearted people of Rock county should come to the relief of their neighbors with at least \$10,000—not with any idea of paying for losses, but simply to prevent suffering. Clothing and everything else is needed and every town and city in the county should open relief headquarters. This sort of a calamity rarely visits a community more than once in a lifetime, but when it comes it leaves in its wake a path of destruction. That the loss of life was not greater is extremely fortunate. The response for relief should be hearty and generous.

The Montreal Star, in discussing public ownership, says: "Theoretically there is no reason why telephone employees working for the Manitoba government should not do their work as efficiently and as economically as they would if their employers were a joint stock company; in practice there is a discrepancy which has just been found expression in the \$150,000 deficit." This is Manitoba's experience with public utilities.

Senator Cummins of Iowa has about decided that the state is not suffering for a favorite son, and so declares his intention of supporting the Budget State candidate. It remains to be seen as to how much of a hold the senator has on his constituency. The old guard in Iowa is largely of the past, and the state has long been noted for being erratic.

President Taft is back in Washington, well satisfied with his swing around the circle, and confident of success in the coming campaign. The progressives in the meantime are sawing wood by perfecting their organization. There will be something doing all along the line when the ball opens. La Follette is not a quitter.

Governor Harmon of Ohio has the good sense to keep quiet, while Woodrow Wilson is very much in the spotlight. The trend of public sentiment is toward conservatism, and the

chances for that Taft and Harmon will be the principal contestants in the next campaign.

It cost Governor Foss of Massachusetts \$16,000 to be reelected, and his expense account has been returned to be itemized. One item reads "335 for hotels and traveling expenses," but the law provides that every dollar must show how it was invested.

Fifteen Kansas farmers, inspired by fifteen jealous wives, amused themselves by taking a pretty country school teacher, and now they are asked to pay for the fun, and spend a year in the lockup, as well. Homes body has to pay the fiddler.

MORE DAMAGE DONE BY RECENT CYCLONE

(Continued from page 1.)

dition. A more gruesome sight cannot well be imagined.

Resembles Dynamite Explosion. At the Lewis Eggen farm there is a family of fourteen and at the time of the storm all were seated at the table in the dining room when an instant every window in the house was blown out and the force of the storm that the covers were thrown from the stove and the whole interior of the house represented the appearance of having had a charge of dynamite exploded therein. How the entire family escaped, without the slightest injury is a mystery.

Other Farms.

At the Nick Larson farm a few rods farther on the outbuildings include a large tobacco shed filled with the crop was blown down and the roof of the house partly torn away. At Ole Thorsen's two large filled sheds were destroyed. At C. O. Omsgard's the house was unroofed and the barn and tobacco shed and other buildings destroyed and at M. L. Omsgard's a filled shed fell before the fury of the storm, while the buildings on the C. O. Omsgard place met with a similar fate.

Dealer's Goods Destroyed. Max Cagle, a transient dealer from Milwaukee, was at Lewis Eggen's farm as at the time arranging a new stock of goods that he had just received. The whole stock, which amounted to nearly twelve hundred dollars, was carried away and scattered broadcast over the country for miles.

On Magnolia Road. The damage amounted to as much as in other sections. As stated in the Gazette extra Saturday night the buildings on the Frank Welch farm were almost totally demolished. On the old Church place occupied at present by John Buell, the barn was nearly destroyed, sheds and outbuildings wrecked, fodder blown away and the house badly damaged. The family are deeply discouraged over their prospects and are in serious straits.

The Mother's meeting of the W. C. T. U. will be held Wednesday afternoon at three o'clock at the hall on North Main street. Mrs. Murphy, Sec.

PROMINENT MEN TO ADDRESS CONGRESS

Governors of Missouri, Kansas, and Colorado At Trans-Mississippi Congress in Kansas City.

Kansas City, Mo., Nov. 14.—Nearly every State in the Union was represented in the vast audience that filled the Convention Hall today at the opening of the annual meeting of the Trans-Mississippi Commercial Congress. The attendance was the most representative in the history of the congress, which was organized more than twenty years ago to aid in the commercial development of the West. Many of the delegations today were headed by the governors of their respective states. The governors and other distinguished visitors were given seats upon the platform and in the boxes, while the arena floor was reserved for the delegates, who were arranged by states.

The program of the first day's proceedings included the annual address of Col. F. W. Fleming of Kansas City, president of the congress, who delivered the message at the opening session. The remainder of the session was taken up with the exchange of greetings, the roll call and the appointment of committees.

The sessions which began today will continue until Saturday. In recent years the congress has broadened the scope of its activities and many of the subjects scheduled for discussion at the present session are of live interest not only to the trans-Mississippi territory but to the country at large. Former Senator Aldrich of Rhode Island is here to address the congress on the subject of monetary reform. Arnold Shanklin, counsel general of Mexico, will speak on the cultivation of trade relations with the southern republic, and Lieutenant Goethals, U. S. A., will tell of the progress of work on the Panama canal. Governor Hadley of Missouri, Governor Stubbs of Kansas, Governor Shroth of Colorado, Secretary of War Stimson and other public men of national prominence will be heard on a wide range of topics connected more or less directly with the commercial development of the country. The reclamation of western lands, the transportation problem and the question of good roads are matters that have a foremost place on the program. Other matters that will receive attention are the development of the live stock industry, municipal government, technical and industrial education, insurance, the conservation of natural resources, public health, and the development and use of the inland waterways.

William Henry Gray.

The funeral of the late Dr. Wm. Henry Gray was held from the home at 2:30 o'clock this afternoon and at Oak Hill cemetery chapel at 3:30 o'clock. The pall bearers were George Hatch, Leonard Wilkins, Prof. Thiele, W. Waterman, Mr. Ditzler, and J. Waterman. The Rev. Dr. Denton read the service.

## REASONS WHY

You should invest your surplus money in MORTGAGE LOANS and not in bond issues.  
Millions of dollars in bonds have been repudiated.  
Interest rates are too low for you to investigate bond issues.  
Too much time is required to investigate the quality of bond issues.  
In case of default on municipal bonds you are required to recover judgment.  
If you are a citizen of the community you help to pay your own security.  
If you buy a mortgage loan you own the property on the only condition—that the debt is paid when due.  
In case of default you get your security in a short space of time, without further expense to you.  
In case of mortgage loan the investment is direct and simple and is subject to your control.

## SESSION OF BOARD WAS OPENED TODAY

ROCK COUNTY BOARD OF SUPERVISORS MET AT TWO-THIRTY THIS AFTERNOON.

## WILL BE A BUSY WEEK

Sessions Will be in Progress For Three of Four Days.—Committee Reports Will be Presented.

The regular session of the Rock County Board of Supervisors was called at half past two o'clock this afternoon at the office of the county clerk. All of the members of the board were present, and responded to the roll call. Chairman of the board, John A. Paul of the town of Milton, presided.

WIK Last Through Week.  
There is a large amount of county business to be transacted at the present session and it is expected that the time which will be required to attend to the various matters will consume three or four days. It is not considered likely, however, that the board will be in session later than Friday afternoon, although it is possible that business will make a meeting Saturday morning necessary.

Much Routine Work.  
There is much routine work to be accomplished at this gathering, including the reports of the various committees, and the making up of the county tax levy. It is probable that this will consume the greater part of the session, but other matters and orders will undoubtedly be introduced when the time comes.

Address on Highways.  
Among other things which will occupy the attention of the board is the address which will be given by State Highway Engineer, A. R. Hirst, on the new road law. Wednesday evening has been placed aside for that purpose, and all members of the board who can possibly be present at that time are cordially invited to attend.

The election of a county highway commissioner will also be an important matter for the board.

Members of the board present today were as follows:  
J. L. Hunt; Robert Brubaker; B. D. Cannon; G. Clementson; E. J. Crut; J. A. Denning; L. E. Gettle; S. M. Gleason; A. C. Gray; H. C. Hanson; S. B. Hollies; E. C. Hopkins; T. J. Hughes; J. E. Hutchinson; W. B. Maxson; Chas. E. Moore; John Morton; H. B. Moseley; D. A. McCarthy; J. C. McEvoy; K. K. Newhouse; M. L. Paulson; E. Rotherham; Fred Rehfeld; E. M. Rotherham; Joseph Ross; John Sherman; W. T. Sherman; W. E. Shoemaker; Simon Smith; C. M. Smith, Jr.; H. S. Stevens; C. J. Stoney; W. W. Swingle; T. A. Tollefson; B. D. Treadway; John Tuller; F. W. Wilford; J. A. Paul.

ADD STORM  
The Richards Farm.  
On the C. E. Richards farm three and a half miles north of the city there will be a severe loss. A huge barn, built of massive timbers, 32 by 48 feet, was lifted from its foundation, buried into a field and smashed into bits. The creamery, tool house, wind mill, gasoline engine and farm machinery are all wrecked. Twenty acres of corn is entirely gone, scattered over the fields almost a total loss. The hog house, built last year, is in kindling wood and the grove on the place is entirely blown out.

## TWO PAY FINES FOR ILLEGAL TRAPPING

Hobart Wierick and Perry Christopher of the Town of Turtle Creek.

Hobart Wierick and Perry Christopher of the town of Turtle Creek pleaded guilty in the Municipal Court today to a charge of illegal trapping and were fined \$25 and costs each. The circumstances which led up to their arrest by Game Warden W. P. Mason were of a novel character. The latter was notified by the state office at Madison that they were in receipt of an unsigned letter telling them that trapping was being done in Turtle township and directing them to the farm of Delancey Fonda where they would find some skids. Warden Mason went there but found no skids. Fonda said he knew who had written the letter and would take him to his farm and show him some skids. He walked over to the farm of Hobart Wierick and discovered a number of muskrat traps there. Perry Christopher, his partner, was also apprehended. This afternoon a warrant charging the same offense was sworn out against Fonda on the complaint of those fined this morning. The disclosure of the same violations is said to have come through the disappearance of several of Wierick's and Christopher's pelts and the suspicious kindness against their neighbor.

Dr. Waufile At Home.—Dr. G. C. Waufile, who underwent an operation at the Mercy hospital about two weeks ago, was removed to his home about Saturday. He is able to be up and around the house and expects to be able to come down to his office next Saturday though it will be some time before his strength will enable him to resume work.

## KRIT CAR MAKES A RECORD

Losses Only Forty-Five Points in a 1,400-Mile Drive.

Some inside information on the recent Glidden tour has been furnished Manager Lee of the Krit Motor Car Company by Ira D. Waterman of New York City, who drove the only Krit car in the tour. Mr. Waterman with his Krit made a truly remarkable drive, and his car—the only Krit in the tour of 1,400 miles—would have come out with a perfect score, had not a runaway team dashed into the Krit, hitting the right front hub. "The force of the collision," said Mr. Waterman, "broke our speedometer and bent our axle slightly. We managed to make fair time to the first blacksmith shop, twelve miles further on. There we took off the axle, straightened it and put it back on, with a loss of only forty-five minutes in the actual work. It was either a case of being fined 83 points for being late, or 45 points for fixing the axle, so of course we took the lesser penalty."

Vagrants Becoming Numerous: Vagrants to the number of eleven, without the price of a lodging, were given shelter at the police station last night. Out of this number only three were provided with overcoats and some had almost worn the soles from their shoes. The cold weather is responsible for the large increase in the police station tenants, many of whom, under ordinary conditions, spend the nights in out-buildings and box cars.

**FUNERALS ARE HELD FOR EIGHT VICTIMS OF AWFUL TORNADO**

SERVICES FOR FOUR MEMBERS OF ANTON SCHMITT FAMILY. LEO LENTZ, KORDAN AND AUSTIN GIRLS AND MRS. CROWDER.

**ARE VERY SAD CASES**

Bodies Are Laid At Rest In Various Cemeteries Throughout The County In Presence Of Sorrowing Relatives And Friends.

Funerals of eight of the victims of Saturday's tornado were held this afternoon. The saddest case of all was at Orfordville where the remains of the four members of the Schmitt family were tenderly borne to the train where they were sent to Monticello for interment.

The members of this family which was destroyed were, the father, Anton Schmitt, aged 55 years; two daughters, Alice, aged 19 years, and Bessie, aged 14 years, and a son, Albert, aged 14 years, who died yesterday of the terrible injuries he received. Three other sons were away from home at the time of the storm. Two of them were working on farms at Monticello where the family formerly lived.

There was a large gathering of all the residents in the vicinity of Hanover at the funeral this morning. Four caskets were borne to the train by twenty-four pallbearers, and attended by one of the largest assemblages that ever witnessed a funeral service at Hanover.

At Monticello there was a large gathering of sorrowing friends present to meet the funeral party and conducted the bodies to the cemetery where beneath the gray sky the four bodies were lowered into the cold earth.

**Austin Funeral Held.** All that was mortal of little Helen Austin, three-year-old daughter of Alf. Austin of the town of Lima, whose small life was snuffed out by the terrible storm which swept the county on Saturday, was laid at rest in the cemetery at Johnston Center today. Funeral services were held this morning at ten o'clock from the home of Frank Mayhew where the family are staying at present.

There was a very large attendance at this funeral. Friends who could only express their sympathy by their quiet attendance at the simple obsequies, went to the funeral home to see the body of the beloved child who was lowered into the ground. She was an unusually active and lively girl and her parents are grieved beyond expression.

**Korbin Child Buried.** Another sad funeral was held this afternoon at Lima for the little boy, C. J. Korner, who died over the little body of Alvin Korbin, small daughter of Mr. and Mrs. Penney Korbin, whose life was snuffed out by the devastating storm.

There was a large gathering of relatives and friends at the home of the child's grandparents where prayers were conducted, and a larger number were present at the church. Beautiful floral offerings decked the small casket. Interment was made in Oak Hill cemetery. The father, who was injured in the storm, was able to be present at the funeral.

**Leo Lentz Funeral.** Funeral services for Leo Lentz, who lost his life in the cyclone when it struck the James Little farm west of the city, were held this afternoon from the home of his parents, Mr. and Mrs. Theodore Lentz in Hanover. Interment was made in Plymouth cemetery.

**Funeral at Orfordville.** Funeral services of Mrs. John Crowder, formerly Mrs. Harriet Whithead, who lost her life from the effects of the storm, were held this afternoon at one o'clock from the Methodist church at Orfordville. Interment was made in Maple Grove cemetery.

The pall-bearers were Roy Shoemaker, Fred Hobbin, Leo Habrutz and Herbert Stewart.

**Why Green Is Used.** Green was the color selected for balloons because that color cannot be photographed.

**Duty Hotel Elevators.** At the Waldorf-Astoria hotel in New York, it is estimated that the trips of the elevators cover about 120 miles daily.

**HOSTESS IN HONOR OF FUTURE BRIDE**

Miss Cleve Gilman, Entertained For Miss Daisy Shergar—Other Personal and Social News.

Evansville, Wis., Nov. 14.—Miss Cleve Gilman entertained a number of friends at a miscellaneous shower for Miss Daisy Shergar. The evening was spent playing "500," followed by the serving of a dainty two-course luncheon consisting of sandwiches, olives, chocolate, salad, water, cake. The following young ladies were present: Bessie Fellows, De Eto Morrison, Bessie Morrison, Fern Ball, Neva Fellows, Grace Thurman, Hattie Chaplin, Maude Combs, Daisy Shergar, Francis Searles, Mrs. George Mitchell, Mrs. John Scheldie, Mrs. Chas. Huland, Mrs. Dan McMillan and Mrs. Jay Bahler.

The bride-to-be received many beautiful and useful gifts. Social and Personal.

W. H. Graves of Minneapolis visited at the home of his mother, Mrs. Wm. Graves of this city, the first of the week.

Miss Amy Williams has been visiting at the home of Mr. and Mrs. Chas. Spencer.

Reba Johnson of Deloit, who has been visiting her aunt, Mrs. J. J. Beckard, returned to her home in Deloit last night.

Mrs. Verne Whaley, of Janesville, who has been visiting relatives here for the past week, left for her home yesterday. She was accompanied by her mother, Mrs. C. J. Van Vorst, who will remain for an extended visit.

Marlin Wilder is here for a few days' vacation from his school duties at Deland Military Academy.

For, assuming a complete exhibit of made in Janesville goods and that it will be a most interesting exhibit. The flower City board will be in attendance each evening to play concert, music and several of the various exhibits are to have special demonstrations that will prove especially attractive.

One of the features is the big guessing contest on the number of kernels of corn in a large glass jar that is now placed in the window of the People's Drug company. The one guessing the nearest to the total number will receive twenty-five dollars in gold, the next nearest fifteen and the third ten dollars. Cut out the coupon appearing in the daily papers, record your guess and deposit at the Rink when the show opens next week.

**Manufacturers Exhibition Guessing Contest**

Deposit this guess at the West Side Rink during the Manufacturers' Exhibit November 20th to 25th. Cash prizes of \$25.00, \$15.00 and \$10 for the nearest guess. Everyone attending the exhibit is entitled to one guess free. Committee, FRANK E. LANE, DAVID ATWOOD, JOHN C. NICHOLS.

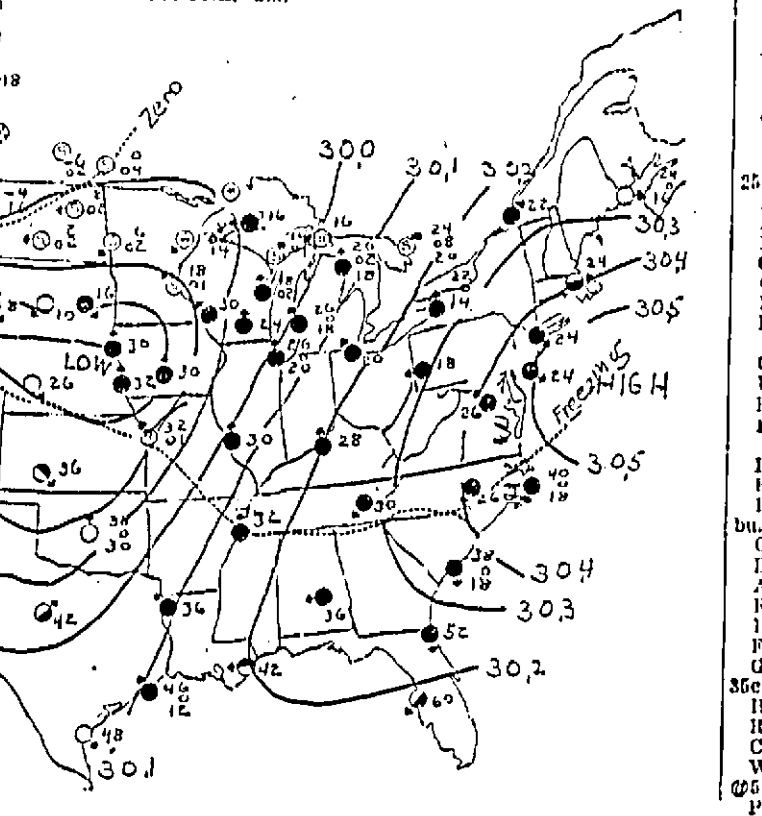

**Years No Handicap to Genius.**

In the world of art Michelangelo produced his best work, "The Last Judgment," when he was between 58 and 68, and at 87 he completed the great cupola of St. Peter's, the triumph of architectural genius, a feat which caused him to exclaim: "I have awning the Pantheon in air," as the dome of the immense church resembles the pagan temple. Leonardo da Vinci did his best work when over 60.

**Laborers Ended.**

"For 20 years I've been fighting for a principle in this town and I'm discouraged." "The people won't have it, oh?" "They've decided to adopt it and I shall have no excuse, after this, to keep on fighting."

## MAN FROM FOOTVILLE WAITS FOR CANDIDATE

He Is One of the Many Interested In the Great Campaign—Everyone Wants The Gazette

The following letter was received, at this office Saturday:

Dear Sir:—I am enclosing \$3 for a year's subscription to your daily. A neighbor of mine takes your paper and he has loaned me a few copies and I want it regularly. I have been waiting for some lady in your campaign to call on me, but none has showed up, so I send my subscription direct.

Here, candidate, is the general attitude of the readers of the whole territory embraced by this great event. There are only one of the many letters received in each mail.

This man is now receiving his paper. He is a new subscriber, and holds a ballot for 4,000 votes, just waiting for some candidate to call and get it.

Should you get it, what does it mean? Just 6,000 votes more that Overland touring car, or one of the Schiller pianos. The Gazette has a good circulation, but there are still some subscriptions to be obtained. Any lady in the lot can, within one day, go out and pick up at least five. Doing this for five days makes twenty-five new subscriptions to your credit, and it is not going to take so many days' work to finally place that Overland at your door on December 23.

One thing each candidate should do—she should get as many of her friends as possible helping her. Line up ten friends and have each get five of their friends to subscribe for you. Figure out what this means.

The elegant prizes are the best ever offered in this state. Of course \$200 pianos could be offered, but nothing but the best goes. Consequently, Schiller pianos are offered. In fact, the Overland, the diamonds, the scholarship and the watches are the best to be had.

Now ladies, the prizes are to be given away on December 23. If you think you would enjoy taking, not only one ride, but as many as you want, in an automobile of your own, locate these coupons, nomination blanks and subscriptions in your vicinity.

The price of The Gazette is reasonable and everybody wants it.

**Future Orders.**  
Don't give up a party as a subscriber, city or country, simply because he is taking some other paper and paid in advance for it. Take his subscription to The Gazette and when his subscription expires on the other paper he will begin to receive The Gazette.

**Weekly Gazette.**  
Any subscriber now taking the Weekly Gazette may be paying up their arrears on the weekly start. The Daily Gazette and all such subscriptions will be closed on New Daily subscribers and votes issued accordingly.

**Subscription Books.**  
Candidates and their friends are privileged to accept payments on subscriptions and in order that they may receipt for such payments we will provide them with a receipt book if they will inform the campaign department.

**Open Evenings.**  
For the benefit of those who can not call during regular office hours, the campaign department will remain open until 8 p. m. each week day evening.

**LIST OF CANDIDATES.**  
According to the count of 9 A. M. Yesterday.

## MILTON JUNCTION

Milton Junction, Nov. 14.—The Ladies' Aid society of the M. E. church are holding their annual fair and supper tonight.  
Elder S. Swinson is again in town.  
Mrs. Julia Strassburg spent Monday in Ft. Allen.  
Miss Inez Brigham was an over Sunday visitor in Janesville.  
John Sykes and son, Robert, Westly Winch, H. G. Miller, W. A. Dodd and C. D. Miller left yesterday morning for the North where they will hunt.  
Miss Mabel Maxson was home from the university for over Sunday.  
J. A. Paul was a Janesville caller yesterday.  
Mrs. Charlotte Babcock is spending the week in Edgerton.  
Dora Butts was in Janesville Monday.  
Ray McGowan was home from Madison for over Sunday.  
Mr. and Mrs. M. D. Usher are visiting in Avalon.

## Diet of the Alligator.

Alligators are said to eat nothing in winter. Their diet is almost all meat, preferably liver. In cool weather they eat about once a week and in warm weather oftener.

## Lack of Co-operation.

"I wish," said the revivalist, "Brother Grimshaw wasn't quite so strong on doctrinal points. As fast as I bring people into the church he tries to put them out of it for heresy."

## COULD NOT SLEEP WITH ITCHING RASH

All Over Baby's Body, Head and Face. Scratching Made Sores. Used Cuticura Soap and Ointment and Have Had No Further Trouble.

"On July 27, 1909, we left Boston for a trip to England and Ireland, taking baby with us. After being in Ireland a few days a nasty rash came out all over his body. We took him to a doctor who said it was chicken pox, and gave us medicine for him. He would scratch himself all the time. The consequence was it developed into sores, and we were afraid it would leave nasty scars on his face. When we reached England we took baby to another doctor, who said his condition was due to change of food and climate, and gave more medicine. The rash got no better, and it used to itch and burn at night so bad that the child could not sleep. He was completely covered with it at different times. It was at this time that my mother advised us to try Cuticura Soap and Ointment. After using Cuticura Soap and Cuticura Ointment for about five months the places disappeared. There are not any scars, or other kind of disfigurement, and baby is completely cured by the Cuticura Soap and Ointment. We have had no further trouble with baby's skin. Nothing stopped the itching, and allowed baby to sleep and Cuticura Soap and Cuticura Ointment." (Signed) Mrs. Margaret Gunn, 20 Durrell St., Roxbury, Boston, Mass., March 12, 1911.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 113, Boston, for free sample of each with 32-p. book on the skin.

## THEATERS

Sousa's Band.  
Sousa and his band is the feature here on Saturday evening, Nov. 18, at the Myers theatre, of the organization of sixty musicians headed and

JOHN PHILLIP SOUSA.  
Directed by John Phillip Sousa. While the band has won celebrity all the

world over its conductor also has gained distinction by his unique personality, his manner and method of directing the performance of his play, and by his compositions. Although Sousa's fame as a composer has generally been attributed to the popularity of his marches, serious musicians have found a great deal to admire in the various suites and symphonic poems that he has written. In addition to these, he has found time to write songs and compose nine light operas. Sousa's latest march is called "The Federal," and it will be heard in the program he has prepared for his concert in this city.

**Dockstader's Minstrels.**  
A real treat is in store for those who will be in the vicinity of the Myers hotel at high noon on Wednesday when Roy La Pearl, said to have the biggest musical voice in the world, will render a popular song from the roof of the Myers hotel, accompanied by Dockstader's band from the street below. La Pearl is one of the baritone soloists with Low Dockstader's great minstrels, which comes to the Myers theatre, Wednesday, Nov. 15.  
La Pearl has gained considerable fame throughout the country by singing from atop the skyscrapers in New York, Chicago, and other big cities. He has a voice of most remarkable power, splendid quality, rich in tone and his audience on the street can hear every word as if they were standing along side of him.

Damaged Cars From Clinton: The cars that were in the bad wreck near Clinton Junction last week have been brought to this city and placed in the bad order list on the repair track. There were eight in the wreck that were damaged and some of them are in very bad shape. A Lehigh Valley car, in particular, had one end entirely torn out and the draw bars broken. Other cars had the "lumps" torn out and doors torn off besides the ends crushed in and generally wrecked throughout. They will be repaired as soon as possible but it will take the repair men many days to get them all in shape.

**Report of Safety Committee:** The following report was taken from a circular issued to trainmen recently of which they are unusually proud: "During the last nine months trainmen have had forty per cent fewer accidents than during the same months of the year 1910, the best showing of any class in the service. Why not make it fifty per cent and prevent that much misery and suffering and make it safer for everyone?" (Signed) R. C. Richards, Chair, Central Safety Committee.

Engineer Tallmadge resumed his work on switch engine 685 this morning, having been off duty a week on account of illness. His fireman was Bert Berest, stationary engineer at the roundhouse, being forced to take to firing his freight traffic today is exceedingly heavy.

**WISCONSIN DEBATERS PREPARE FOR ILLINOIS.**

Two Teams Will Meet on December 8 To Discuss the Ship Subsidy Question.

[Special to the Gazette]  
Madison, Wis., Nov. 14.—Wisconsin will hold her first intercollegiate debate this year on Dec. 8, in Madison and Champaign, Ill. At home the Badger team will debate the affirmatives of the question of an American subsidy of ships. The team will consist of H. E. Humphreys, Watrous; Harold Merkel, Milwaukee; and Francis R. Duffy, Fond du Lac. At Champaign on the same night another Wisconsin team will debate the negative of the same question. These men are Alvin C. Reis, Evansville, Ind.; Sumner H. Sliester, Madison; and Harry V. Melsaner, Milwaukee.

## COMMISSION WOULD WORK SOLUTION OF THE TRUST PROBLEM

President Van Hise Advocated Fixing  
of Prices by a National Commis-  
sion—Plan Explained to Har-  
vard Students.

(SPECIAL TO THE GAZETTE)

Boston, Nov. 14.—The regulation of prices by a national commission, similar to the interstate commerce commission, rather than the general dissolution by the government of the so-called trusts, was urged by President Charles B. Van Hise of the University of Wisconsin, in an address on "Concentration in Industry," before the students of Harvard University this afternoon.

Unrestricted competition resulting from the breaking up of trust combinations, he declared, will result in business depression with prices alternately too low and too high and with the loss of economy which goes with concentration of industry so that America will not be able to compete with concentrations of industry in Germany and England.

**Good and Bad Trusts.**

The solution for the railroad problem, President Van Hise pointed out, has not been found in breaking up the great transportation systems into the many fractions which compose them in order to secure greater competition, but has resulted from intelligent regulation of railroad rates by state and national commissions.

President Van Hise emphasized the vital difference between concentration of industry, even to the point of monopoly, which lead to great economic advantage, particularly in the case of heavy products, such as steel, and those combinations, such as the

shoe machinery company and others of the patent monopoly type, which are not of economic advantage.

**Excessive Profits.**

"When great economic advantage can be shown from concentration of industry," he declared, "such concentrations should not be prohibited. Nevertheless, the conditions which made possible the excessive profits of the U. S. Steel Corporation during the last few years or the absolute control of the price that 50,000,000 people shall pay for their coal by the small group of men who monopolize the anthracite of the country, cannot be allowed to exist. If existing concentrations of industry be permitted to continue, it is certain that they must be controlled.

**Commission Prices.**

"Experience with the railroad rate problem points the way to the creation of state and national commissions having powers with reference to industrial companies similar to, but greater than, those of existing railroad rate commissions. The powers of such commissions should include the following:

"(1) When a combination which is either a national monopoly or is a restraint of trade where there is no monopoly, is found to have marked economic advantage, such combination should have authority to order prices lowered or raised as may be necessary, precisely as is the case with railroad rate commissions at the present time.

"(2) When combinations in restraint of trade are found to be such that they do not result in economic advantage, the commission should have power to dissolve such combinations.

"(3) The commission should have power to fix prices and break up combinations only in those cases in which there is a restraint of trade, and in which the corporation comes under the Sherman law; thus competition will continue to control prices where there is no combination.

"(4) In the case of natural resources, great in value but limited in amount, the commission should have authority to order such changes in production as are necessary to use these limited natural resources economically. Anthracite operators, for example, should be compelled to mine and handle their coal without needless loss. A return to unlimited and destructive competition will result in an extravagant exploitation of our coal resources in the future as it has invariably in the past.

**Amend Sherman Law.**

"To provide remedies for the existing conditions, Congress should amend the Sherman law to define what combinations are reasonable and what are unreasonable. Congress should further amend the Sherman law to provide that corporations in violation of the Sherman act, as thus amended, may be released from its restraining power, provided that such corporations consent to come under a commission having the powers above outlined. Since the federal government has shown its determination to enforce the Sherman law, it is probable that some of these great corporations will accept these proposed amendments.

**Prices Fair to All.**

"Some will argue it is an objection that if the commission lowered the prices charged by the greater corporations, smaller corporations in the same business could not exist. It is evident, however, that if more business does not have the advantage of greater economy of production, lowering of prices for the bigger organizations will not interfere with the smaller. If, on the other hand, business does give great economic advantages, then possibly the lowering of prices might destroy the smaller competitor or compel the smaller to unite with the larger. Such a disadvantage to the smaller must not stand in the way of general good, for the prices must be fixed for the good of the people of the whole country. Should great injustice

result from lowering of prices by larger corporations, a wise commission should compel the larger to take over the smaller, if the smaller could be advantageously utilized at a reasonable figure in the concentration of the industry.

**Increases Efficiency.**

"Others will argue that the elimination of competition in prices will result in curbing individual initiative in business. It is clear, however, that if the price for a commodity is the same for all organizations, we shall have the same results that have come about through railroad rate regulation that is, the organization which is most efficient and best organized will be the most successful and will have the larger profits for the stockholders. In short, the encouragement of invention, the development of more efficient business organization, and greater economy of production, all recognized as desirable factors in the business world will result from competition for business after competition in prices has ceased.

**Control, Not Socialism.**

"The objection to commission control of prices, on the ground that it is a new step in the direction of socialism is not sound. If socialism means government ownership, under the proposed plan all the property of the various organizations will remain in private hands, but where great properties have been used to the disadvantage of the people as a whole, the prices and the condition of production will be regulated by the government. Great natural resources of the nation must be used by great aggregations of wealth so as to be of the greatest advantage to the whole people, from the great capitalist down to the poor man. I would not take anyone's property, but I would have those who own property recognize that such ownership involves obligations to the public. I believe that everyone who holds property, whether it be the great mineral deposits of the earth, such as iron or coal, or a

forty acre farm, owns that property in trust for himself and the nation, and must be made to administer that property for the common good."

**Southern Physicians Meet.**

Hattiesburg, Miss., Nov. 14.—Palladium and the hookworm disease will

be exhaustively discussed by some of the most eminent of American physicians at the annual meeting of the Southern Medical Association, which met here today for a three days' session. The association embraces the States of Tennessee, Mississippi, Florida, Georgia and Alabama, and

constitutes the Southern district branch of the American Medical Association.

**NATIONAL COUNTRY LIFE CONFERENCE AT MADISON.**

Prize Has Been Offered to University Student Who Will Write Best Play on Country Life. (SPECIAL TO THE GAZETTE.)

Madison, Wis., Nov. 14.—The National Country Life Conference, which will hold sessions here during the short course this winter, has offered a prize of \$25 for the best play on country life, written by a Wisconsin student. One of the stipulations requires that no rural characterizations such as are in vogue in plays on the professional stage be included in the story. Prof. T. H. Dickinson, mentor in dramatics at the university, is in charge of the contest. The choice will be made in February.

**American Road Builders' Convention.**

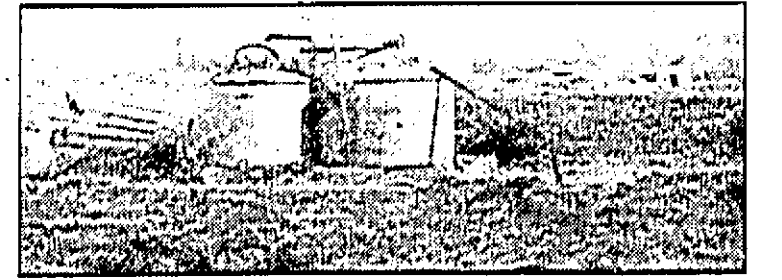

Rochester, N. Y., Nov. 14.—Delegates from all parts of the country were present today at the opening of the eighth annual convention of the American Road Builders' Association. The convention bids fair to be the largest of its kind ever held in the United States. The speakers who will be heard during the three days' session include many notable road builders, highway engineers, contractors and street and highway officials.

**United Benevolent Association.**

Denslow, Texas, Nov. 14.—The supreme lodge of the United Benevolent Association, a fraternal organization with a considerable membership in Texas and the Southwest, began its annual convention here today with many delegates in attendance. E. S. Royal of Fort Worth, the supreme president, is presiding over the sessions, which will continue over tomorrow.

## MEETING OF COUNCIL BRIEF AND PEACEFUL

BUSINESS CONFINED TO USUAL  
REPORTS OF OFFICERS AND  
COMMITTEES

## REPORTS FOR OCTOBER

No Debated Questions Put, Not a Dis-  
senting Voice Raised and Session  
Lasts Only An Hour.

With no dissenting causing ques-  
tions raised, only routine matters of  
fact business to be considered, and  
nothing proposed to let town ad-  
ministration be last night's ses-  
sion of the common council was a  
model of good order and expedition.

If the period of recess is deducted the  
meeting occupied was not over  
forty minutes. All the aldermen ex-  
cept Evans, Dulin, Donahoe, and  
Spaul were present.

Alderman Buchholz presented a  
communication from the fire police,  
signed by Captain H. W. McSamara,  
in which he recommended the council  
for making an appropriation in their  
behalf and protested against the pro-  
posed diversion of the same to the  
fire and water fund. They acknowl-  
edged that the patrol and its officers  
were under the control of the chief  
of the fire department and expressed  
their intention to abide by his direc-  
tions. They expressed their intention  
to pay the salary of their driver them-  
selves. The communication was ac-  
cepted and placed on file.

J. Woodberry of Sycamore, Ill., is  
building a new residence on his farm,  
having shipped a carload of lumber  
from Chicago.

A number of farmers are loading  
sugar beets for the Janesville firm.  
Joe Collins was the only one seen  
on our road Sunday.

## NEWVILLE

Newville, Nov. 13.—The social which  
was to have been held at Frank Sher-  
man's on Saturday evening, Nov. 11,  
has been postponed to Saturday eve-  
ning, Nov. 18. Ladies are requested to  
bring boxes.

During the storm, Saturday, John  
Sherman's house was struck by light-  
ning, but no serious damage was done  
and no one was hurt.

Marion Rose and family were storm-  
struck in this village for several hours  
Saturday afternoon.

Mrs. Fred Sherman is at Madison  
on account of her mother's death,  
which occurred at that place on Sat-  
urday.

Mr. and Mrs. Kitzko spent Sunday  
with her grandmother, Mrs. Whitney.

Ransom's.

Miss Ethel Hulce will have a recital  
at the Emanuel Grove church, Friday  
evening, Nov. 23. A cordial invitation  
is extended to all.

Volney and Ethel Ransom of Janes-  
ville spent the week-end here, the  
guests of relatives and friends.

## ORFORDVILLE

Orfordville, Nov. 14.—Mrs. G. O.  
Roan of Janesville is visiting relatives  
and friends in the village.

Miss Eva Sotter was a Janesville  
caller Saturday.

Misses Clara, Maymie and Kittle  
Hunk and Ben Smith of Janesville  
spent Sunday at O. A. Peterson's.

Mrs. Tim Barnum was a Janesville  
caller Saturday.

Mr. A. P. Gaarder returned home  
Sunday morning.

## JOHNSTOWN

Johnstown, Nov. 13.—Mr. and Mrs.  
Clifton Allen and boys, La Follette  
and Roosevelt, of Fall River, are  
guests of their sister, Mrs. Wm. Cora.  
Mr. and Mrs. George Gentle are at  
Rochester, Minn., where Mrs. Gentle  
was operated on Friday morning. A  
card today states the operation was  
successful.

Our teachers were all in Milwaukee  
last week to attend the teachers' con-  
vention.

Mr. and Mrs. James Haight were  
Sunday guests at the home of George  
Hill.

J. T. Ward spent Saturday and Sun-  
day at the home of his sister, Mrs.  
James Cummings, near Delavan.

The farm Mr. Folk purchased con-  
sisted of 160 acres instead of 15.  
Mrs. Ella Catter Woodard of Wan-  
kagan, formerly of Rock county, has  
sold one of her farms in the town of  
Bradford, consisting of 160 acres, to  
Henry Wade, for \$21,000.

The contest has just not nicely  
started and Johnstown is well repre-  
sented.

Fred Schmaling came out from Del-  
avan, Saturday, to attend the party at  
Mr. and Mrs. August Scherke's on  
Sunday. They returned home in the  
evening.

from Evansville one day last week.

## SOUTH MAGNOLIA

South Magnolia, Nov. 13.—Residents  
here were very fortunate indeed to  
have lost no lives or stock burned dur-  
ing the fierce storm of Saturday after-  
noon. Fields were flooded and  
fences except away and the fodder is  
filled with dirt blown in during the  
rain.

Mr. T. W. Harper of Moore, Mont.,  
is visiting relatives here.

Mr. and Mrs. Bert Cronch and Miss

## CLINTON

Clinton, Nov. 11.—Roy Dean has  
rented Mrs. R. W. Smith's home on  
East Milwaukee street and will move  
into town and occupy the place soon.

Little Miss Eleanor Weaver, who  
fell off the rostrum stop and broke  
her leg, is getting along very nicely,  
but she will be confined to her bed  
about 10 weeks.

Miss Slaymaker is able to assume  
her duties as teacher of the primary  
after several days' sickness.

Solon Cooper was at Janesville Wed-  
nesday on business relative to the  
guardianship of Mrs. Pronger.

The directors of the Highland Park  
Land Syndicate recently declared a  
40 per cent dividend.

Paul Hastings and Miss Helen Con-  
ley were married by Rev. A. W. Triggs  
at the Methodist parsonage, Wednes-  
day evening. Miss Francis and Mr.  
Roy Conley, sister and brother of the  
bride, accompanied the happy couple.

Two more popular young people can  
not be found in any community and all  
wish them health and prosperity. Mr.  
Hastings left yesterday morning for  
Aberdeen, South Dakota, where their  
future home is to be. Mrs. Hastings  
will follow next week.

Miss Lizzie Thorson sustained a se-  
vere fall Thursday evening about  
seven o'clock. Several days ago a re-  
cent crosswalk was laid across Cross  
street on the east side of Third, and  
boards were laid across about a foot  
above the walk to keep the people off  
the fresh cement. Not seeing these boards  
so low down, Miss Thorson fell head-  
long, breaking her fingers to pieces  
and receiving severe bruises.

L. L. Simmons bought a grocery  
store in Chicago Wednesday and re-  
turned there yesterday to take charge  
of same. Mrs. Simmons will follow  
soon and they expect to make Chicago  
their permanent home.

Captain Richmond P. Hobson ap-  
peared at the Baptist church Thursday  
evening as the first number on our  
lyceum course, and delivered a master-  
ly address on "Our Country's Destiny."

Although the captain spoke for a full  
two hours he held the audience spell-  
bound as he presented his subject in  
an entirely new and original manner.

John T. Atkinson of Shoups was  
calling on his numerous friends here  
yesterday.

The ladies of the Congregational  
church will serve a chicken pie sup-  
per at the church next Friday evening  
from 5:30 until all are served.

Mrs. C. W. Colver, Mrs. W. H.  
Northrop, Misses Jennie and Leona  
Northrop, Mrs. E. B. Kizer and Mrs.  
C. P. Drake went to Janesville this  
noon to attend the matinee "Paid in  
Full" at the Myers opera house.

## BRODHEAD

Brodhead, Nov. 13.—Mr. and Mrs.  
John B. Henry went to Deloit, Sat-  
urday, for a brief visit.

Mr. and Mrs. E. M. Sherman were  
passengers to Marshall, Wis., Satur-  
day, where they went to remain for  
a few days.

Mr. and Mrs. M. P. Pengra have  
been the guests of their son and  
daughter, Mr. and Mrs. Elmo Pengra,  
in Janesville, over Sunday.

A. J. Holliday was a Janesville vi-  
sitor on Saturday.

Mrs. Minnie Brace-Dunbar returned  
to her home in Oelwein, Iowa, on Sat-  
urday, after a ten days' visit with her  
parents, Mr. and Mrs. N. Brace.

## MISS MINERVA and WILLIAM GREEN HILL

By FRANCES BOYD CALHOUN

(Copyright by Rialty & Fiction Co.)  
CHAPTER XX.

Rising in the World.

The painter had just finished putting a bright green coat of paint upon the low, flat roof of Miss Minerva's long back-porch. And he left his ladder leaning against the house while he went inside to confer with her in regard to some other work.

Billy, Jimmy, Frances and Lina had been playing "Fox and Goose." Running around the house they spied the ladder and saw no owner to deny them.

"Let's climb up and get on top of the porch," suggested Jimmy.

"And Minerva'll put me to bed if I do," said Billy.

"Mother'll make me learn a whole page of the catechism if I climb a ladder," said Lina.

"My mamma'll shut me up in the closet, but our mamma are n't bound to know 'bout it,"—this from Frances.

"Come on, let's climb up."

"I ain't never promise not to climb no ladder but—" Billy hesitated.

"You'll 'bout the shortest folks they is," sneered Jimmy. "Mamma'll whip me going and coming if she finds out 'bout it, but I ain't skeered. I dare anybody to dare me to climb up."

"I dare you to climb this ladder," responded an accommodating Frances.

"I ain't never taken a dare yet," boasted the little boy proudly, his foot on the bottom rung. "Who's going to follow me?"

"Don't we have fun?" cried a jubilant Frances.

"Yes," answered Jimmy; "if grown folks don't all time be watching you and sticking their nose in your way."

"If people would let us alone," remarked Lina, "we could enjoy ourselves every day."

"But grown folks got to be so particular with you all time," cried Jimmy, "they don't never want us to play together."

He led the way up the ladder, followed by Frances and Billy; and Lina brought up the rear. The children ran the long length of the porch leaving their footprints on the fresh, sticky paint.

"Will it wash off?" asked Frances, looking gloomily down at her feet, which seemed to be encased in green moccasins.

At that moment she slipped and fell sprawling on top of the roof. When the others helped her to her feet, who was a sight to behold, her white dress splashed with vivid green from top to bottom.

"If that ain't just like you, Frances," Jimmy exclaimed; "you all time

them off at once and hurry back to your dinner."

"Lamma jest wait till I eat," he begged, hoping to postpone the evil hour of exposure.

"No, go at once, and be sure and wash your hands."

Miss Minerva splashed the paint the instant he made his second entrance and immediately inquired, "How did you get that paint on your feet?"

The little boy took his seat at the table and looked up at her with his sweet, attractive, winning smile.

"Paint pears' little boys' feet," he said, "an' keeps 'em from gettin' hurted. Aunt Minerva, don't it?"

Miss Minerva laid down her fork and gave her nephew her undivided attention.

"You have been getting into mischief again, I see, William; now tell me all about it. Are you afraid of me?"

"Yes 'm," was his prompt response, "an' I don't want to be put to bed neither. The major he would n't put little boys to bed day times."

She blushed and eyed him thoughtfully. She was making slow progress with the child, she knew, yet she still felt it her stern duty to be very strict with him and, having laid down cur-

for "stubb'n" public worship," said the other boss.

"Naw, I ain't neither," objected the male member of the chain-gang, "I done cut my woman with a razor 'cause I see her racking down the street like a proud coon with another gent, like what Sarah Jane's brother told me he done at the picnic."

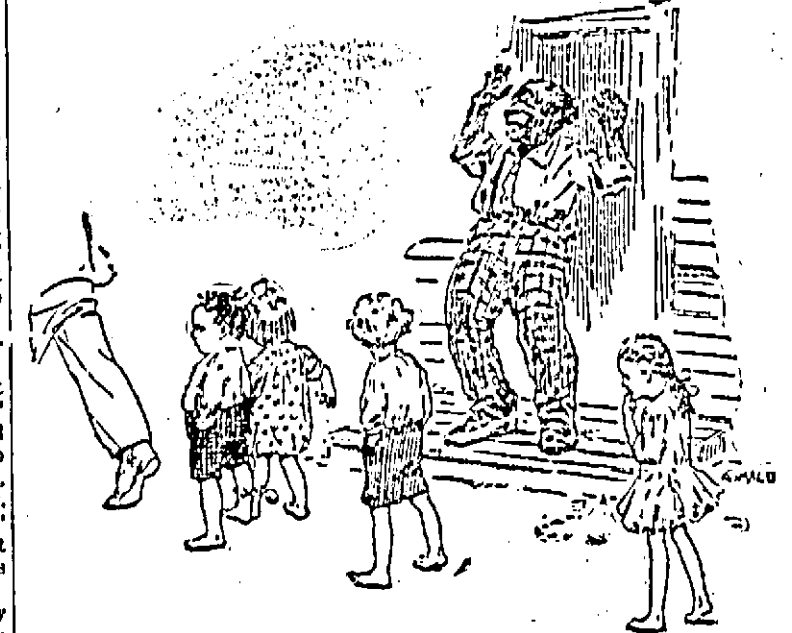

The children played happily together for half an hour, Billy and Lina commanding, and the prisoners, entering thoroughly into the spirit of the game, according prompt obedience to their bosses. At last the captives wearied of their role and clamored for an exchange of parts.

"All right," agreed Lina. "Get the key, Billy, and we'll be the chain-gang."

Billy put his right hand in his pocket but found no key there; he tried the other pocket with the same success; he felt in his blouse, he looked in his cap, he jumped up and down, he nearly shook himself to pieces all without avail; the key had disappeared as if by magic.

"I believe y' all done los' that key," concluded he.

"Maybe it dropped on the ground," said Frances.

tain rules to rear him by, she wished to adhere to them.

"William," she said after he had made a full confession, "I won't punish you this time for I know that Jimmy led you into it but—"

"Naw, Jimmy did n't. Me an' him an' Frances an' Lina's all 'sponsible, but I promise you, Aunt Minerva, not to climb no mo' ladders."

## CHAPTER XXI.

Pretending Reality.

The chain-gang had been working in the street not far from Miss Minerva's house, and Lina, Frances, Billy and Jimmy had hung on her front fence for an hour, watching them with eager interest. The negroes were chained together in pairs, and guarded by two, big, burly white men.

"Let's us play chain-gang," suggested Jimmy.

"Where we goin' to get a chain?" queried Billy; "it won't be no fun thout a lock an' chain."

"I can get the lock and chain off 'm Sarah Jane's cabin."

"Yo' mamma don't 'low you to go to her cabin," said Billy.

"My mamma don't care if I just borrow a lock and chain; so I'm going to get it."

"I'm going to be the perlice of the gang," said Frances.

"Perlice nothing. You all time talking 'bout you going to be a perlice," scoffed Jimmy. "I'm going to be the perlice myself."

"No, you are not," interposed Lina, firmly. "Billy and I are the tallest, and we are going to be the guards, and you and Frances must be the prisoners."

"Well, I ain't going to play 'thout I can be the boss of the niggers. It's Sarah Jane's chain and she 's my mamma's cook, and I'm going to be what I please."

"I'll tell you what do," was Billy's suggestion, "we'll take it turn about; me an' Lina 'll first be the perlice an' y' all be the chain-gang, an' then we 'll be the niggers an' y' all be the bosses."

This arrangement was satisfactory, so the younger boy climbed the fence and soon returned with a short chain and padlock.

Billy chained Jimmy and Frances together by two round, fat ankles and put the key to the lock in his pocket.

"We must decide what crimes they have committed," said Lina.

"Frances done got 'treated for shootin' an' Jimmy done got 'treated

CHANGE  
IN WOMAN'S  
LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Grantville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forgot to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.E.D., Grantville, Vt.

No other medicine for woman's ills has received such widespread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

## DOULIRY NOTES

All houses and nests should be clean.

England has one hen to the acre of territory.

Sell off the scrub chickens and have only one breed.

Collect all eggs from nest at least once a day; hot weather twice.

Make ready a corner in each pen, that can be used as a dusting box.

The surplus cockerels and pullets may be sold as breeders and a fancy realized.

Hens over two years of age are seldom good layers, therefore should not be held over.

Keep eggs in a cool, dry place, but not in a cellar, as they are there likely to become musty.

Care should be taken at all times never to permit moisture to come in contact with the eggs.

When the hens are started in laying, great care must be taken in not allowing them out on stormy days.

Oats, bran and green food are the best stimulants to egg production. Corn is rather fattening for use at this season.

A chick that is stunted because of lack of good food at any period of growth never is profitable as a layer or a breeder.

A little fresh meat minced, fine is necessary for the laying hens during the winter months. This should be given about twice a week.

An ideal bird for winter egg production is a pullet matured about November 1st, which is strong and vigorous and is of a good laying strain.

Virtue in Hot Coffee.

It is asserted by men of high professional ability that when the system needs a stimulant nothing equals a cup of fresh coffee, while those who have tried it state that malaria and similar epidemics are avoided by those who drink a cup of hot coffee before venturing into the morning air. Burnt out coals it is a disinfectant for a sick room. By some of our best physicians it is considered a specific in typhoid fever.

Unusual Death.

To fall to death in a seething whirlpool was the fate of two Swiss livers a few days ago. The couple were visiting the famous Handegg Falls near Mellingen when a small bridge over the River Aare collapsed and they fell 210 feet into the whirlpool below.

All in Imagination.

If a man were to place himself in an attitude to bear manfully the greatest evil that could be inflicted on him, he would suddenly find that there was no evil to bear.—Henry D. Thoreau.

## WELL KNOWN MINISTER

Restored to Health by Vinol

Rev. D. Schneider, who is a well known minister in Rice Lake, Wis., writes:

"I had a very severe stomach trouble last year from which I was kept in bed three months. I had engaged the services of a doctor, but to no avail. I then read of Vinol and determined to try a bottle. Before it was used up I was out of bed, and four bottles made me a well man. Vinol is a splendid medicine, and I can gladly recommend it."

Prominent men from all over the country do not hesitate to endorse this wonderful tonic.

For twelve years Vinol has been sold on the "money back" plan, and every year strengthens its popularity and proven by continued tests that it will do what we claim for it.

ECZEMA REMEDY AL-  
SO WASHES PIM-  
PLES AWAY.

No remedy that I have ever sold for Eczema, Psoriasis, and all other diseases of the skin has given more thorough satisfaction than the D. D. D. Prescription for Eczema.

A 25c trial bottle can be secured at once.

My patrons find that D. D. D. not only gives instant relief to the itching, burning skin, quickly driving out all the disease germs, but it is also the most delightful wash for the complexion they ever used. Absolutely harmless and pleasant to use. D. D. D. cleanses the skin of all minor impurities, such as rashes and pimples, over night, and leaves the skin clear and smooth as that of a child.

It is now generally known that there is nothing that can equal D. D. D. as a household remedy for all skin troubles no matter what they are.

I, myself, am so fully convinced of the merits of this wonderful remedy that I will charge you nothing if the first full size bottle of D. D. D. does not make good every claim.

Better drop in and talk it over with me anyhow.

A LIBERAL OFFER.

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that dyspepsia and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop the greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by indigestion. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our stores—The Rexall Store, The Smith Drug Co., 14 West Milwaukee St., Janesville, Wis.

**A Warm Bathroom**

**PERFECTION**

Every mother should be careful that the children take their baths in a warm room. The chill of a cold room is dangerous after coming out of the hot water.

A Perfection Smokeless Oil Heater brings bathroom or bedroom to just the degree of warmth you want in five or ten minutes. All you have to do is to touch a match.

The Perfection Heater burns nine hours on one filling and is always ready for use. You can move it anywhere it is needed. There is no waste of fuel and heat warming unoccupied rooms. Just the heat you want, when and where you want it.

The Perfection is fitted with an automatic-locking flame spreader that prevents the wick being turned high enough to smoke and is easy to remove and drop back when cleaning.

Drums finished either in turquoise-blue enamel or plain steel; light and ornamental, yet strong and durable—suitable for any room in any house.

## FORTY YEARS AGO

From the Janesville Gazette, November 14, 1871.

We have reports of snow in Waukegan, Shawano and Oconto counties on the 9th inst. The burnt district is clothed with a snowy mantle.

The Madison Democrat speaks for a new and becoming fence about the capitol park, and says: The rocky contrivance that stands there now would actually disgrace the barn lot of any respectable farmer.

We learn from the Manitowish Pilot that, on Thursday morning, about 3 o'clock, a destructive fire broke out on Eighth street, destroying four houses, which were occupied in the lower part by stores and the upper parts as dwellings.

A company is organizing in Milwaukee for the manufacture of the Albo combination loom. This machine readily weaves 200 yards of cloth a day and may be driven to do much better. And the testimony of expert-

enced woolen manufacturers is, that the fabric made is superior to that produced by the common loom.

The Oakbrook Magnolia billiard saloon, which was converted into a church last winter, has degenerated to its normal condition, and is once more the favored resort of ball-pushers and whiskey drinkers.

The Marquette and Peshtigo Eagle says: Shanties and new buildings, many of them of the substantial character, are springing up all over the site of Peshtigo. The company's new buildings are going ahead just as fast as money, men and material can be found.

The committee appointed by the legislature to investigate the charges of bribery and corruption in connection with the passage of the Dells bill are now in session at Madison.

Rural estate is selling rapidly in Peshtigo, and at prices fully as high and in many instances, higher than before the fire.

## SIDEWALK SKETCHES

By H. L. RANN.

THE EDITOR.

Allegorically speaking, the editor is a happy medium between a scoundrel and a portierhouse.

Never saw a rich editor who didn't head every subscription paper in circulation with a donation of four bits and a stub.

The editor is said to belong to the fourth estate because that is the only kind he ever leaves.

He is also one of the most cheerful and overworked preventers of legal trouble.

Whenever a girl with a face like a cream puff marries a youth who never earned a dime outside of the shooting gallery, the editor has to point the bride as a radiant vision of blushing beauty and the groom as one of our rising young business men or else disappoint an expectant circle of delinquent subscribers.

If the editor fails to spread a two-column obituary over the death of a prominent citizen who never paid a grocery bill outside of the justice court, he is liable to be waited on by some two-sided relative of the deceased with an injured air and a punch in either hand.

It has been humorously reported that the editor's diet is confined mainly to light drafts and summer squash taken on subscription, but he appears to be as resigned to his lot as a man whose wife has gone to the seashore and the only thing that can cause him to change his occupation is a sheriff's edict to go to the county jail.

Editors go to the county jail and get up their editorials in long primer with a three-point lead. Modern machinery does everything but meat the pay roll and pay the hired girl.

The editor is the most cultured person in the village who can tell "Barriers Burned Away" from "Grant's Memoirs" and get away with it, and as a result he outranks the principal of the high school as a litterateur.

It Comes From Paris.

Quite the newest thing in Paris is to have everything of the very simplest. Four simple but, of course, exquisitely served dishes take the place of the usual long dinner, and the table decoration consists of a crystal or cut glass bowl of violets.

The effect is charming.

BY WALT MASON

It seems to me I'm always waiting for something. In this world of war, in June I'm waiting for the skating, and lots of wholesome sleep and snow.

In winter I am sadly waiting until the summer comes once more, and wintry weather I'm hating until my trusty tongue is sore.

When breakfast's done I wait for dinner, and think that I'll be happy then; and that meal over, I wait the dinner, to put my stomach right again.

When I was young my youth I hated, and longed to be a full grown man; I have the years for which I waited, and gladly I the same would can.

And so we wait till death impresses us in long and silver-mounted crates. "He also served," the bard assures us, "who only lingers around and waits."

plish much, 'cep' to give de mule a chance to show off his superior dignity."

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a roaring sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by colds which are nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
